

Sailonet

Grand-voile Coupe horizontale - Gamme Jupiter

Designed by our Sailonet design department, the mainsails are produced by partner-sailmakers which have been chosen based on their outstanding production qualities.

This range is particularly adapted for family coastal cruising, charter and bluewater sailing.

The JUPITER range is made of tough Polyester Dacron® with a strength adapted to your sailing style and program.

The JUPITER mainsails are equipped as standard with 2 reefs and 4 long battens.

The complete equipment (radial reinforcements, low friction slider, loose foot, custom headboard with batten, tell tales) optimizes and enables easy handling with your mainsail.

All sails are sold with their bag, ready to sail. Two year warranty.

Customized headboard with batten

Sewed by hand to block batten in pocket

ibre batten

atten end

Sewed by hand to block lashing

Polyester cloth, high tenacity
eight adapted to boat and sailing program

Assembled with 6 step zigzag
Uv-protected yarn

Trim stripes

Sail with reefs (optional)

Reefing options

Sail with 2 reefs (standard)

elcro on the inside of the batten pocket

elcro on this side of the webbing

iber batten pusher

iber batten

Tell tails under each batten

How does it works Insert the batten pusher (supplied and tied to the clew) into the webbing pocket at the end of the elcro strap. ith the batten pusher, insert the elcro tab into the pocket. Push the tab into the pocket until the batten has adequate tension.

Radial reinforcements
